

Y-mAbs Connect Co-pay Program Eligibility and Terms and Conditions

Eligibility Criteria

To be eligible for the Co-pay Program for a Y-mAbs product, patient must:

- Be covered by commercial or private insurance
 - Cash-paying patient or patients participating in a federally or state-funded healthcare program, including but not limited to Medicare, Medicaid, Medigap, CHAMPVA, Veterans Affairs (VA), Department of Defense (DoD), Tricare, or Children's Health Insurance Program (CHIP), are not eligible for the Co-pay Program
- Reside in the United States or U.S. Territory
 - This Co-pay Program offer is void where prohibited or restricted by law, including in MA, MI, MN, and RI
- Be actively insured at the time of treatment

Terms and Conditions

- The Co-pay Program is only available for patients enrolled in Y-mAbs Connect
- Each enrolled patient will be eligible to receive co-pay assistance for one enrollment period (12 months from the date of enrollment); benefits from the Co-pay Program are not transferable
- There is a maximum benefit of \$15,000 per enrollment period
- The Co-pay Program is not insurance
- The Co-pay Program applies only to the co-pay for an infusion of a Y-mAbs product, and not to any related procedure, service, or hospital stay
- Explanation of Benefits (EOB) and claim forms must be submitted to Y-mAbs Connect for co-pay assistance
- Patients and health care providers must not seek reimbursement for the value received from the Co-pay Program from health insurance, any 3rd party, or any other program
- Patients are responsible for complying with any applicable limitations and requirements of their health plan related to the use of the Co-pay Program
- The Co-pay Program cannot be combined with any other coupon, rebate, or similar offer
- The Co-pay Program is not conditioned on any past, present, or future purchase of a Y-mAbs product

Note: Y-mAbs Therapeutics, Inc. reserves the right at any time, and without notice, to modify or discontinue the Co-pay Program and any support provided to the patient.
